

Purpose:

To ensure that all students and members of our school community understand:

- (a) our commitment to providing students with the opportunity to benefit from digital technologies to support and enhance learning and development at school including our 1 to 1 personal device program
- (b) expected student behaviour when using digital technologies including the internet, social media, and digital devices (including computers, laptops, tablets)
- (c) the school's commitment to promoting safe, responsible and discerning use of digital technologies, and educating students on appropriate responses to any dangers or threats to wellbeing that they may encounter when using the internet and digital technologies
- (d) our school's policies and procedures for responding to inappropriate student behaviour on digital technologies and the internet

Scope:

This policy applies to all students at Brentwood Secondary College

Staff use of technology is governed by the Department of Education's [Acceptable Use Policy](#) and [Privacy Information Sharing Policy](#).

Definitions:

For the purpose of this policy, "digital technologies" are defined as being any networks, systems, software or hardware including electronic devices and applications which allow a user to access, receive, view, record, store, communicate, copy or send any information such as text, images, audio, or video.

Policy:

Vision for digital technology at our school

Brentwood Secondary College understands that safe and appropriate use of digital technologies including the internet, apps, cloud-based services, computers and tablets provide students with rich opportunities to support learning and development in a range of ways.

Through increased access to digital technologies, students can benefit from enhanced learning that is interactive, collaborative, personalised and engaging. Digital technologies enable our students to interact with and create high quality content, resources and tools. It also enables personalised learning tailored to students' particular needs and interests and transforms assessment, reporting and feedback, driving new forms of collaboration and communication.

Brentwood Secondary College believes that the use of digital technologies at school allows the development of valuable skills and knowledge and prepares students to thrive in our globalised and

inter-connected world. Our school's vision for learning is, 'we learn as a connected community, to grow as individuals who are future ready' and we believe the safe and appropriate use of digital technologies will enable our students to reach their personal best and fully equip them to contribute positively to society as happy, healthy young adults who will be ready for their future of work.

Laptops at Brentwood Secondary College

Classes at Brentwood Secondary College are delivered with the use of laptops. Students must bring a charged Laptop to school each day to be used during class time for different learning activities.

Our school operates a Bring Your Own Device (BYOD) program, which means students must bring their own purchased Laptop with them to school each day. Brentwood Secondary College has special arrangements with Edunet, a computer supplier that offers a portal for parents to purchase school recommended laptops for Brentwood Secondary College students along with warranty, insurance and onsite maintenance options.

Students are required to have their own laptop that must meet all specifications in our [laptop information booklet](#), including;

- a protective case or carry bag to be brought to school
- at least 256 GB of storage
- operating on Windows 10 natively
- a multi-touch screen and an active stylus

Further specifications can be found in our [Laptop Information Booklet](#) which is reviewed annually by School Council.

Brentwood Secondary College and the Department of Education and Training do not have insurance to cover accidental damage to students' laptops, and parents/carers are strongly encouraged to consider obtaining their own insurance for their child's laptop. A relevant policy to view is the school's [Personal Property Policy](#).

Brentwood Secondary College has in place arrangements to support families who may be experiencing long or short-term hardship to access laptops for schoolwork. We also have laptops that can be loaned to students in certain circumstances. Families requiring support should contact the school.

Students, parents and carers who would like more information or assistance regarding our BYOD program are encouraged to read our [Laptop Information Booklet](#) and then email laptops@ms.brentwood.vic.edu.au for any further enquiries.

Safe and appropriate use of digital technologies

Digital technology, if not used appropriately, may present risks to users' safety or wellbeing. At Brentwood Secondary College, we are committed to educating all students to be safe, responsible and discerning in the use of digital technologies, equipping them with skills and knowledge to navigate the digital age.

At Brentwood Secondary College, we:

- use online sites and digital tools that support students' learning, and focus our use of digital technologies on being learning-centred
- restrict the use of digital technologies in the classroom to specific uses with targeted educational or developmental aims

- supervise and support students using digital technologies in the classroom
- effectively and responsively address any issues or incidents that have the potential to impact on the wellbeing of our students
- have programs in place to educate our students to be promoting safe, responsible and discerning use of digital technologies, including:
 - engaging the Cyber Safety Project to run workshops with our students across all year levels unpacking the results of our annual digital habits survey of students in Years 7-12
 - Year 7 and 8 Digital Technologies subjects
 - curriculum delivered in our Aspire Program 7-10.
- educate our students about digital issues such as online privacy, intellectual property and copyright, and the importance of maintaining their own privacy online
- actively educate and remind students of our [Student Wellbeing and Engagement policy](#) that outlines our School's values and expected student behaviour, including online behaviours
- have an Acceptable Use Agreement outlining the expectations of students when using digital technology at school
- use clear protocols and procedures to protect students working in online spaces, which includes reviewing the safety and appropriateness of online tools and communities, removing offensive content at earliest opportunity
- educate our students on appropriate responses to any dangers or threats to wellbeing that they may encounter when using the internet and other digital technologies
- provide a filtered internet service to block access to inappropriate content
- refer suspected illegal online acts to the relevant law enforcement authority for investigation
- support parents and carers to understand safe and responsible use of digital technologies and the strategies that can be implemented at home through updates in our newsletter and Parent Information nights run by the Cyber Safety Project.

Distribution of school owned devices to students and personal student use of digital technologies at school will only be permitted where students and their parents/carers have completed a signed Acceptable Use Agreement.

It is the responsibility of all students to protect their own password and not divulge it to another person. If a student or staff member knows or suspects an account has been used by another person, the account holder must notify our IT Network Manager immediately.

All messages created, sent or retrieved on the school's network and services are the property of the school. The school reserves the right to access and monitor all messages and files on the computer system, as necessary and appropriate. Communications including text and images may be required to be disclosed to law enforcement and other third parties without the consent of the sender.

During any remote learning opportunities, students and parents should follow the schools remote learning guidelines as seen in the attachments below.

[Student Guidelines for Remote Learning](#)

[Parent Guidelines for Remote Learning](#)

All members of the college are also subject to follow the Department of Education's [Schools' Privacy Policy](#).

Student behavioural expectations

When using digital technologies, students are expected to behave in a way that is consistent with Brentwood Secondary College's [Statement of Values](#), [Student Wellbeing and Engagement policy](#), [Bullying Prevention policy](#), [Inclusion and Diversity policy](#) and [Personal Mobile Device policy](#).

When a student acts in breach of the behaviour standards of our school community (including cyberbullying, using digital technologies to harass, threaten or intimidate, or viewing/posting/sharing of inappropriate or unlawful content), Brentwood Secondary College will institute a staged response, consistent with our policies and the Department's Student Engagement and Inclusion Guidelines.

Breaches of this policy by students can result in a number of consequences which will depend on the severity of the breach and the context of the situation. This may include:

- removal of network access privileges
- removal of email privileges
- removal of internet access privileges
- removal of printing privileges
- other consequences as outlined in the school's [Student Wellbeing and Engagement Policy](#) and [Bullying Prevention policy](#).

Review Cycle:

This policy was last updated on 19th July, 2021 and is scheduled for review in July 2022 or sooner if required.
