POLICY

1. School profile

Brentwood Secondary College is a vibrant learning community where all students are supported and encouraged to achieve success and to pursue excellence. A learning community is a place where everyone is learning, both independently and together, and where everyone is continually striving to improve. Our guiding philosophy is the belief that all students learn best when they are happy, healthy and resilient.

Our purpose is to ensure that every student is provided with every opportunity to achieve their potential. A Brentwood education will provide every student with the opportunity to develop their talents, to nurture a passion and to grow in confidence about their future. Every student will be supported in their intellectual, emotional, social and physical development by a highly professional group of teachers and education support staff.

Brentwood Secondary College is a co-educational school located in the eastern Melbourne suburb of Glen Waverley. The socio-economic profile of the school is classified as high. The 2022 enrolment was 1611 including 28 International Students. The total enrolment has been increasing over recent years. The number of equivalent full time staff employed was 140.15. This equates to 4 principal class officers, 112.4 teachers and 27.75 education support staff.

The Junior School curriculum at Year 7 integrates the study of English (or EAL), Humanities and ICT in a program that is called Thinking, Learning and Creativity (or TLC). Mathematics, Science, Health/PE, Languages (German or Japanese) and The Arts (Art and Music) are taught as stand-alone subjects. A Curriculum Enrichment Program is offered to those students who demonstrate academic skills above those of their peer group. There are two Enrichment classes at Year 7, Year 8 and Year 9; one that studies German and the other Japanese. The Year 8 curriculum includes the study of English (or EAL), Mathematics, Humanities, Science, Health/PE, Languages and Technology (Food Tech and Information Tech). At Year 9 the core curriculum is reduced to English, Mathematics, Humanities and Science thus allowing for the introduction of a range of specialised elective units. This model promotes personalised learning pathways in preparation for either senior school. The senior school curriculum provides opportunities for advanced placement in VCE subjects and university enhancement studies.

A secure education or training pathway beyond Brentwood is a priority for all students. There is a strong commitment to pastoral care and the extra-curricular program promotes high levels of participation. Student leadership opportunities are spread across a broad range of activities and services. The Brentwood culture is one of learning, leadership and high expectations for every member of our community.

2. School values and vision

Brentwood Secondary College's values are integral to the work that we do and are the foundation of our school community. Students, staff and members of our school community are encouraged to live and demonstrate our core community values of compassion, empathy, integrity, respect, and responsibility at every opportunity.

Our values for learning are creativity, curiosity, discipline, reflection and resilience. It is through these values that we learn as a connected community to grow as individuals who are future ready.

3. Wellbeing and engagement strategies

Brentwood Secondary College has developed a range of strategies to promote engagement, positive behaviour and respectful relationships for all students in our school.
